AIGLON'S GUIDING PRINCIPLES FOR LEARNING:

DESCRIPTORS OF EDUCATIONAL EXCELLENCE

Learners are provided with academic **challenge** by teachers with excellent subject knowledge.

Learners are provided with an inspirational and intellectually **challenging** learning environment.

Learners will understand, respect and value the **diverse** opinions and needs of others.

Innovative strategies are impactful, focused on progress, and adapted to reflect the **diverse** needs of the students.

Learners understand the need to take **responsibility** for their decisions and to make positive choices.

Learners are provided with a mutually **respectful** environment to learn and flourish.

The atmosphere is one of enjoyment and active participation, where teachers listen astutely and skilfully guide students in a culture of **respect**.

Learners are provided with the opportunity to demonstrate kindness, selflessness and **service** to their environment.

Learners recognise that a spirit of **service** is integral to the Aiglon learning experience.

A spirit of enquiry and **responsibility** is fostered, allowing students to reach balanced and critical judgments.
